Water Week is an annual co-curricular component of The University of Tulsa College of Law’s Sustainable Energy and Resources Law (SERL) program.

TU Law hosts a series of presentations by local and national experts in water and environmental law. The week of presentations is followed by a field trip to sites along the Illinois River, led by Ed Fite, Administrator for the Scenic Rivers Commission in Tahlequah, Oklahoma.

For more information and to RSVP contact
Professor Gary Allison
SERL Director, TU College of Law
